Once the app is downloaded, it will take you to the **OverDrive Account** page. You will need to create an **OverDrive Account** (you are also able to sign up with your Facebook account).

To do this, click **Sign Up** and enter your name, an email address (twice) and a password (only need to do once). Then click **Sign Up** button at the bottom of the screen.

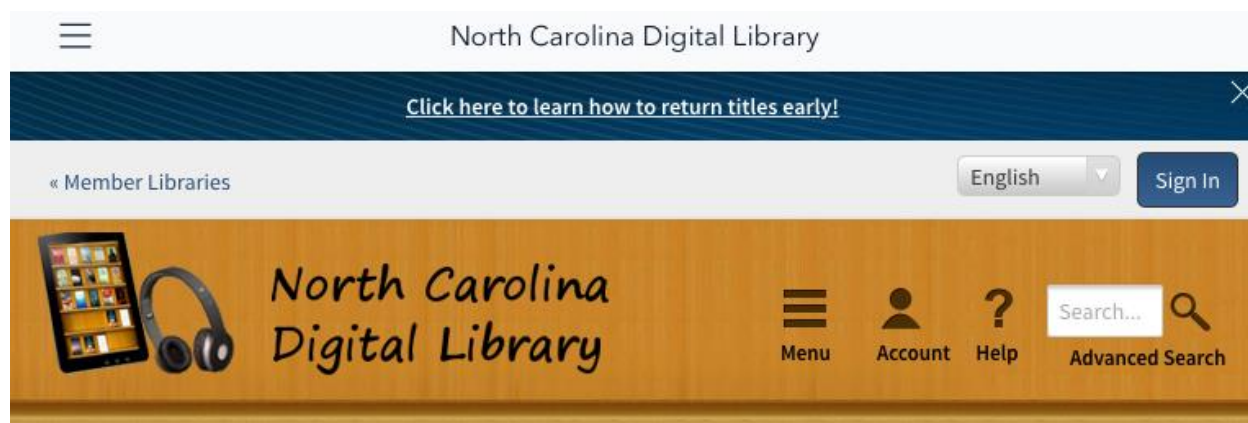

It will then take you to the OverDrive app where you come to the “**Add a library**” screen. Click on the “+” and it will open a column on the left where you can search for your library (search for “*High Point*”).

Then select it from the list (**North Carolina Digital Library** is the name of our collection).

Click on **North Carolina Digital Library** and you’ll be taken to the site so you can start browsing for books.

You should start by tapping **Sign In**. It will prompt you to choose your library (from a pull-down list) and to enter the number on the back of your **Library Card** (with no spaces). Your library and card # will be saved for you (check the box).

Once you have signed in, you can search for books. See the “**How to Access NCDL in Five Steps**” handout for more detailed instructions.
